Sustainable, Scalable

Recruitment Success

Research: Uncover the best candidates

Exploit the power of smarter Al algorithms, big data, and decades of award-winning research to accurately locate the best candidates, across thousands of sources, whether they are job hunting or not.

Engage: Passive Talent

Acolyte has unprecedented access to the 90% of talent that is not actively job hunting (passive). Each candidate receives a personalised job advert straight to their inbox to introduce your role.

Promote: Active Talent

Unlock the active talent market for every role. Each opportunity will feature on leading job boards and other proven advertising channels to maximise the number of quality inbound applications.

Qualify

Every application is meticulously screened, and each candidate personally appraised by experienced talent professionals, to ensure that you will only ever be presented with top, interested candidates.

Deliver

CV's are delivered via our unique digital platform and include detailed guidance notes and a full commentary for every profile – making it simple for you to cherry-pick 'the best of the best' to interview.
